# FOREWORD . . .

As we, the graduating class of '47, leave what has been the focal point of our lives for the past four years we instinctively view the past, there is much that we will treasure in our memories—the mad rush for the cafeteria at lunch time, the hurry to get to classes after loitering too long in the halls, and the horrible noises which issued from the auditorium during the band's first days. Our school life and the patience and cooperation of our teachers will linger in our memories and color our entire lives.

Each student takes with him as he goes forth, his own character and initiative and the training and experience he received at B.H.S. The annual staff would like to thank all the students and teachers who helped to make this, our first annual, a success, and we leave the hope that the classes to come will think of it as an inspiration and a challenge.

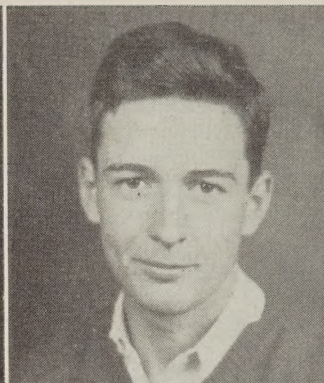

## DEDICATION

To one who understands our problems, both real and imaginary, and who sympathizes with them; to one who always has a hand outstretched to help us, and a cheery smile for us all, we owe our deepest and most sincere gratitude. We, the Staff, in appreciation for all the advise, inspiration, and assistance so cheerfully and helpfully rendered us, dedicate our 1947, "Ivy" to Ray E. Reid.
